

Student Days at SC2004

High-Performance
Computing & Networking
Career & Educational
Opportunities!

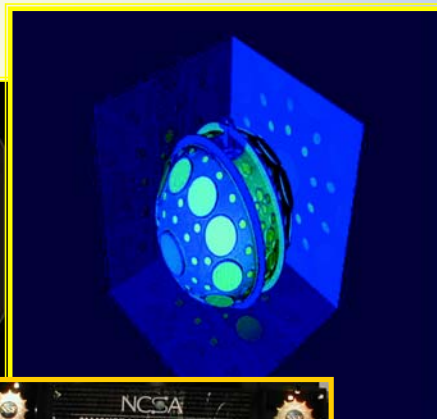

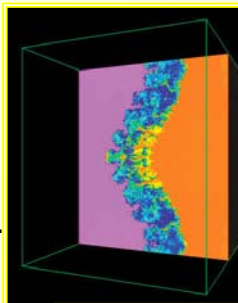

**Pittsburgh, PA Convention Center
8 - 9 November 2004**

SC2004, the world's leading conference on high-performance computing, networking and storage, will be held at the brand new David L. Lawrence Convention Center in Pittsburgh from 6-12 November 2004. The Student Days component on 8-9 November exposes students to the wide range of graduate school, research, and professional opportunities in high-performance computing. Register now for Student Days at SC2004 and learn how to prepare yourself for a dynamic career using high-performance computing to solve challenging problems in engineering and the sciences.

Student Days at SC2004

- ◆ **Events and activities** showcase exciting careers in high-performance computing, including education, research, and industry.
- ◆ **\$25 registration** includes lunch both days.
- ◆ **Free admission on November 9th** to exhibit floor @ SC2004.
- ◆ **Travel and lodging** are individual's responsibility.

A Sample of Industry & Research Exhibitors:

Apple Computer Inc.
Compaq Computer Corp.
Dell Computer Corp.
Hewlett-Packard
Hitachi Ltd.

IBM Corp.
Intel Corp.
NEC Corp.
Raytheon Co.
Sun Microsystems Inc.

Krell Institute
Lawrence Livermore National Laboratory
Los Alamos National Laboratory
National Computational Science Alliance
Sandia National Laboratories

Student Days Program (access web site below for additional information and registration)

Monday, 8 November 2004

11:30 - 1:00 PM Opening keynote, "Introduction to High-Performance Computing," and lunch
1:00 - 2:00 PM Graduate school opportunities panel with university and fellowship representatives
2:00 - 3:30 PM HPC research topics presented by young researchers
3:30 - 5:00 PM Interviewing techniques panel with employers

Tuesday, 9 November 2004

10:00 - 12:30 PM SC2004 exhibit hall
12:30 - 1:30 PM Networking lunch with Student Days panel members and employers
1:30 - 3:30 PM Career fair with employers from the national labs and industry

**Student Days information /registration is available at:
